Subject: Limited English Proficiency (LEP) guidance

In response to the Legal Services Corporation's request for comments on Limited English Proficiency (LEP) guidance, we join in the thoughtful comments prepared by Lillian Moy, Executive Director of the Legal Aid Society of Northeastern New York. I write on behalf of Andrew Scherer, Executive Director of Legal Services for New York City.

We would like to especially emphasize that the more support that we receive in the form of resources, training, the sharing of best practices and the like, the better we will be able to serve all of our clients.

Thank you for your attention to this important issue and for the opportunity to submit comments.

Susan J. Sokol, Esq.
LawHelp Program Coordinator
Legal Services for New York City
