

Board Resolution

June 5, 1981

Re: "Reggie" program

That the Reggie program be permitted to recruit and include experienced attorneys as Reginald Heber Smith Fellows for placement in existing legal services programs or other placements that are approved by the staff;

That the recruitment and inclusion of the experienced attorneys be conducted under the supervision and with the approval of the staff; and

That the other elements of the proposed program be remanded to the Provision of Legal Services Committee for further consideration. Further that the extension of the Reggie program to experienced attorneys in no way obligates the Corporation to the continuation of the Reggie program or the experienced attorneys component because all programs are contingent upon the funding from Congress.
