

Be It Resolved by

The Board of Directors of Legal Services Corporation:

That the President of Legal Services Corporation (LSC), at the direction of the Board, has investigated the charges against staff members of LSC brought by Senator Rudman at the meeting of the Senate Appropriations Subcommittee in May 1987, as amplified by subsequent communication from his staff. The Board has considered the President's report and concludes that staff members did not engage in efforts to defeat Senator Rudman during his campaign for re-election in 1986, nor did they engage in any illegal or improper political activities.
