LEGAL SERVICES CORPORATION

BOARD OF DIRECTORS RESOLUTION

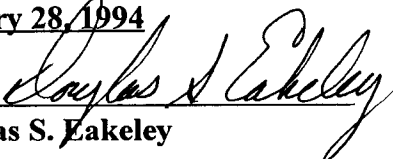

RE: LAW SCHOOL CLINICAL GRANTS FOR 1994

RESOLVED: The LSC staff should, during February, 1994, interact with field and law school clinic representatives and then circulate requests for proposals for law school clinical programs in which priority should be given to programs which propose:

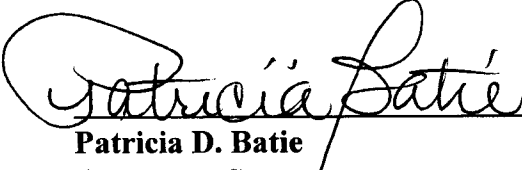

1. to use legal services lawyers to teach full-time in law school clinical programs for at least a quarter or a semester; and
2. to use law school clinical programs to prepare law students who are selected as LSC summer fellows to serve in LSC-funded programs full-time for a period of time.

Other innovative law school clinical program proposals are encouraged and will be considered for funding, as well. Proposals will receive peer review according to preannounced criteria. One important criterion will be collaboration between legal services providers and law schools, to meet the legal needs of the poor. The law school clinical grants will not be used to fund conferences or research projects.
